

ACE SUPERVISED PRACTICE SESSIONS

'Supervised Practice' is a speciality at ACE Golf Academy that you will not find at many other academies in the UK. It's the best way to improve your game and get the most out of your practice sessions. Simply turn up to the range at the times below and receive tips and support from our ACE Golf Professionals while you practice.

If you are taking golf lessons, supervised practice helps you to reinforce what you have been learning in your lessons. If you do not have lessons, supervised practice is a great way to pick up some swing tips.

For supervised practice, please check in at the Academy Office by the Range five minutes before the practice times listed below.

Times:

Timetable – From Monday 1st March 2010

Monday	12.00pm – 1.00pm
Wednesday	6.00pm – 7.00pm
Sunday	10.00am – 11.00am

Supervised practice is limited to 8 golfers per session to ensure the ideal coach to pupil ratio. It is on a first come first served basis and costs £5.00 per golfer to include your practice, range balls and tuition.
